

I like to dream  
I like hot air,,  
Currents running all over  
Me

ever— oh fuk shit  
My world only .,  
Dirty  
I meant to save my piss for you  
I meant to keep it all

A Cancer Rope  
amber kiss  
cum freee

Your cunt is free  
Imagine that!  
And dream of a metal tongue  
pussy boy—

Let the devil in  
Let the devil in  
Let the devil in  
Let the devil in
