

Little dominion
Little flesh prison
Ammo and damage
What does hevn do?
I ask a bottle
ask an engine,,
And it leaps overhead
—last at night.

I like to dream
I like hot air ,,
running currents
but it exhausts me
like,, crime and dead head
—asking overhead,,
what does hevn do?

[stop]

America asks so much of you ,,
What does hevn do?

came all the way here
& I didn't say a word.
I can't keep you alive either,,
stuck in traffic
all day long /
Big metal box,, fuck
damage //
an illusion.
Ask the question again,,
I want you to—

say
I'm sorry // I love you .

But,, what's promised
in paradise?
The sweetest place
sleeping —
remind me again
Oh the sweetest place sleeping?
Remind me again it's
soft and sleeping, here with you.

if you tell me you want to die

you can tell me,, you want to die
if you tell me you want to die
I won't stop you .

[stop]

Hamster baby
Fan club
Prison
Hot hot
Pink hound
What does hevn do?

is there life outside? -
a dream of a metal tongue— pussy boy
What do you dream of
when life's not given?

— like a lover
finger fucking
like,, I love you // I'm sorry ..
hevn isn't
but nature might be
cracked!

[pause]

I came all the way here
& I didn't say a word.
My spine is all broken
my big box injury,,
came all the way here
& I can't tell you no ..
can't stop expulsion.
What does hevn do?

Doom moves so slowly,
I love you, Johanna.
Stuck in traffic,
thinking about Matthew.
Tell me you want to die,
who am i
all this way—
— to tell you no

my big box injury

six types of metal,,
in your body
Evangelion!
I kiss you only
— tell you no.

p baby.
Tell me everything—
What's a time machine?
What's a marriage?
What's eaten you?
What's done it?
What does hevn do?
